

DISCUSS POSSIBLE EXCHANGE OF A PLOT OF GROUND WITH THE BRISTOL BOROUGH BOARD OF SCHOOL DIRECTORS

Pennsylvania Railroad Interested in Having Exchange Worked Out So That Kaiser-Fleetwings, Inc., May Secure Radcliffe Street Tract — Other Plot in Question is That of Bristol Processing Co. — Board Approves Organizing Parent-Teacher Ass'n Locally

Representatives of the Pennsylvania Railroad, and an attorney for Kaiser-Fleetwings, Inc., were present at the November meeting of Bristol borough school board last evening to discuss a possible exchange of the plot of ground, opposite Fleetwings' Radcliffe street property, and which is owned by the school district, for another plot within the borough.

Kaiser-Fleetwings, Inc., proposes to purchase the Radcliffe street tract, and an endeavor is being made by the Pennsylvania Railroad to work out an exchange of plots, the other one in question being that of Bristol Processing Co. on Beaver street. According to the railroad attorney, the PRR is interested in Kaiser-Fleetwings acquiring the Radcliffe street property because of anticipated increase in freight revenue from the enlargement of the Kaiser-Fleetwings plant here.

No decision was reached, the board finding it necessary to contact the architect, Federal Works agent at Washington, D. C.; and the Department of Public Instruction at Harrisburg before taking such a step.

The plot of ground owned by the school district was purchased some time ago as a site for a proposed new high school and athletic field.

The board received a request for approval by the board of the organizing of a Parent-Teacher Association here. The request was granted. Names attached to the letter are: the Rev. Edward G. Yeomans, the Rev. Paul H. Gleichman, Josephine I. DiLorenzo, Esther Silber, Evelyn T. Johnson, Hazel B. Thorne, Anthony T. Alta, and Sue H. Kelton.

It was stated in the letter that the association is to be non-commercial, non-sectarian and non-partisan; will not seek to direct administrative activities of the school or to control its policies. It is proposed that the association cooperate with other organizations and agencies active in the cause of child welfare, and with conference groups or coordinate councils uniting for child welfare.

The organization, it was stated, will supplement the Mothers and the Fathers Associations, and it formed will be affiliated with the State and National Congresses of Parents and Teachers.

Presiding at the meeting was Mrs. William Harding. Announcement was made of the county school directors meeting at Doylestown tomorrow evening when a state tax equalization program is to be discussed. Bristol board will be represented.

A telephone is to be ordered installed in the guidance room at the high school for use of the guidance counselors. Mrs. Harding suggested.

Obligate 38 Into The Ancient Order of Pluto

Saturday evening the degree team of The Royal Ancient Order of Pluto arrived in Bristol to initiate a new lodge, the Ancient Order of Pluto Lodge No. 875. There was a short street parade to the Methodist church where a banquet was served, then another short street parade back to Hopkins Lodge Hall, where the degree was performed. This degree is said to be over 2000 years old and involves mysteries from the land of India. Three members from Hopkins Lodge, I. O. O. F., and seven members from Warrington Lodge, I. O. O. F., were obligated. In attendance were members of the Order of Pluto from Lambertville, N. J., Warrington, and from Hopkins Lodge here.

The stolen car of George Benetz, of Newtown, was found in the park.

THREE FIRE CALLS

Firemen answered three alarms yesterday. Two were for grass fires at Bristol Terrace 1, and one was for a utility pole fire.

Inside Your Congress
—O—
G. O. P.—Whither Now?
—by—
SAMUEL B. PETTENGILL
“The Gentleman from Indiana”

A twenty-one bet came through Truman, the man the Democrats were afraid to nominate, was the man the Republicans could not defeat! The President won in a “Gallup” Gallup, Roper and Crossley, and News Week, whose fifty newspaper writers predicted Dewey 50 to 0, and all the other pollsters, and dopesters—are their faces red? It looks like another Literary Digest with political indignation.

But the Democratic bosses—Hague, Arvey of Chicago, O'Dwyer of New York, Jimmy Roosevelt, etc., were also sure Truman couldn't win. All the “experts” were wrong. How much attention will Truman pay to them?

When will the G.O.P. find out that it can't win with carbon copies of an original? Landon and Wiley had made that clear. Dewey was for public health, public housing, more social security paid in 50 cent dollars, higher minimum wage, price supports, civil rights, and bigger appropriations than even the Democrats had poured into Western states. After copying the New Deal with such proposals, you can't win with such slogans as “It's time for a change,” or “Unity.” These generalities don't ring church bells. Not once did Dewey attempt to mobilize the 70,000,000 life insurance policyholders and all the thrifty middle class folks whose savings are being melted away by a flood of cheap money poured out by profligate politicians.

Dewey should have gone to more prize fights and seen how the crowd is always on the side of the guy who bores in, and never for the back pedaler.

But it is unfair to put too much blame on Dewey and Warren. Basic factors were at work against them which the poll-takers did not appraise. If Dewey had won, he would have been the first Presidential candidate to win after first being defeated. Truman, on the other hand, was making his first fight on his own.

Second if elected this would have been the first time in history that a national administration had been defeated in time of war—cold or hot. We are still legally at war with the big peace treaties unsigned.

Third, if Dewey had won, it would have been the first time a national administration had been ousted from office in boom times. An apparent exception was 1912 when Taft, in times of great prosperity, was defeated. But because of the Bull Moose split Wilson was able to win with only 42% of the total votes.

Two of the country's best statisticians, F. A. Pearson and W. I. Myers of Cornell University, on July 15 published an analysis, “Prices and Presidents,” which showed conclusively that when the prices are high, farmers prosper, labor fully employed at high wages, and business making profits, the majority voted to leave well enough alone and never voted out the President in power.

And, finally, the “payroll vote”—2,000,000 federal job-holders, with relatives and friends—8,000,000 votes! Governor Maw of Utah (Democrat) raised the question whether the federal political machine, like the smaller machines in the cities, will not soon be so overwhelmingly strong that it cannot be overcome. As the Dunn Survey pointed out, leading Republicans looked forward to building up and benefitting from such a payroll vote once they were in power. Again more carbon copies, more “me-too.”

Council Explains Adequacy Of Water Supply Here
Continued From Page One

made upon the water supply, the Councilman stated. They mentioned several industrial plants which have plans calling for big new water consumption.

Councilman Roche said that “we are not down to the last bucket by any means”, and said anyone who wanted to build houses could safely do so. However, he said, the Borough must start making plans for the future enlargement of its water system.

Upon the recommendation of the health and sanitation committee, Richard T. Myers, chairman, the contract to collect garbage in Bristol in 1949 was awarded to Wilson Kulp, Langhorne, R. D. Mr. Kulp will pay the borough the sum of \$10 per month for the privilege.

The street and highway committee, through its chairman, William H. Pearson, reported as follows:

Bristol, Penna., November 8, 1948

The following projects were completed or in the process of being completed as of October 31, 1948—

1—Wattage has been increased on 250 street lights from 100 to 250 watts, and approximately 15 new lights have been installed throughout the Borough. This program will be continued until adequate lighting has been provided.

2—Inlet street from Garden to Spring streets has been re-built at a cost of approximately \$1,600.00.

3—The crossing at Prospect and Washington streets has been lowered approximately 10 inches and re-surfaced. This work was done to correct the dangerous hump at this intersection.

4—The placing of street signs at the new highway intersections has been partly completed and will be finished within a few days.

5—Additional stop signs have been installed throughout the Borough.

6—The pavement program is being continued and has now reached a point where the improvement is noticeable and is the subject of much favorable comment. This committee wishes to take this opportunity to thank the residents of the Borough who have co-operated wholeheartedly and have made this progress possible.

STREET & HIGHWAY COMMITTEE
WM. H. PEARSON, Chairman
JOHN WICHSER
FRANCIS BYERS
JOHN RACAGNO
JAMES W. EAGAR

Burgess Jacob C. Schmidt named J. Robert Hendricks, Radcliffe St., as a member of the tree commission. The appointment was confirmed.

Councilman Smoyer reported that the public property committee had decided not to rent a portion of borough property at Bath street and Route 13 for advertising purposes.

He also reported that a tentative plumber's code had been prepared and considered and that a further meeting of the committee would be held Wednesday evening at eight o'clock.

A committee, upon Mr. Smoyer's suggestion, was named to confer with the heads of the various industries concerning the discharges from the smoke stacks of the plants.

This committee was named by President Charles G. Rathke and consists of the members of the health and sanitation committee and the chairman of the various other committees. President Rathke informed council that a representative of the T. L. Leedom firm had thanked him and through him council for a recent letter concerning the discharge from the stack of the Leedom plant. It is stated that there was faulty combustion of which the firm was not aware.

Mr. Smoyer read a letter from a labor organization calling the attention of council to the smog conditions which might exist anywhere and urged steps be taken to safeguard against such conditions here.

An ordinance providing for the establishment of a police pension fund was adopted. There will be no cost to the borough as the fund will be supported by a one per cent contribution from the State of premiums on all foreign casualty insurance written, donations, contributions and profits from public affairs. It was presented by Councilman Alta.

Street committee was given a deficiency appropriation of \$3,000.

Police committee reported 17 arrests. Seven were held for court, nine committed to the county prison and one turned over to parole board.

There were 150 lodgers sheltered, 12 incandescent and four are lights reported out, one door found unlocked. The radio car answered 193 alarms and the township car answered 44 alarms. The police car was driven 4202 miles, last month. There were 167 fined for parking violations and the fines paid were \$181. Collections from parking meters totaled \$988.23. Police destroyed 13 dogs, three cats and warned 19 juvenile bicycle riders. Police provided 35 escorts, and served 66 council and pavement notices. The police handled one mental case, investigated six auto accidents in which there resulted damage to four properties and two persons were injured. Two were arrested for passing red light, eight summons issued for parking violations and one arrested for not having a license.

The absentees were: Spring, Foster and Riley.

Baked “Cape Cod Turkey”

EASY TO COOK—ECONOMICAL TO SERVE

Pound for pound of hearty, body-building protein, fish is a better buy—especially when you choose cod called “Cape Cod Turkey” because of its savory goodness, or haddock, the favorite of all New England fish-lovers!

Bake or roast the whole cod or haddock, filled with your favorite stuffing, or simply seasoned with a mixture of parsley and a lump of butter inside. It's easy, if you just follow these simple rules.

And remember: fish is known by nutritionists as a “complete protein” with the plus of necessary amino acids, vitamins and minerals, including iodine, which nutrition authorities urge everyone to obtain. Get your share and enjoy a Cape Cod Turkey feast today—or tomorrow.

Select a 4-pound fish, head and tail left on, cleaned and prepared for baking. Wipe fish with damp cloth and rub with seasoning mixture inside and out. Stuff with Savory stuffing and sew together or fasten with skewers. Put a few gashes on top of fish and place strips of salt pork or bacon in gashes.

Preheat oven to 400° F. and oil the baking pan well. Place an oiled cheesecloth on pan and lay fish on it. Brush fish with salad oil or butter and bake 9 minutes per pound (if head is left on), 12 minutes per pound (if head is off).

When fish is done, remove to platter by lifting it in cheesecloth. Serve with lemon or lime wedges, garnish with parsley. Serves 4 to 6.

Savory Stuffing: Mix together 1 cup bread crumbs, 1/2 cup melted butter or margarine, 1/2 cup hot water, 1/4 tsp. salt, 1/2 tsp. sage, 1/2 onion minced, 1/4 tsp. pepper.

EMILIE
Mrs. George Baker entertained her Sunday School class on Thursday evening. Those present: Mrs. Samuel Miller, Mrs. John Kilian, Mrs. Jay Hook, Edgely; Mrs. Leighton Batten, Mrs. Robert Baker, Mrs. Nelson Simon, Mrs. E. H. Shoemaker, Mrs. Willis Wink, Mrs. Arthur Williams, Mrs. Henry Scheese and Mrs. Abigail A. Paul.

The Friendly Helpers class of Emilie Methodist Church, sponsored a covered dish supper on Friday evening to raise money as a Christmas gift for the Rev. and Mrs. William Bayer, missionaries to Jamaica, B. W. I. Over \$50 was realized. Additional donations toward the gift will be accepted by the class.

Mr. and Mrs. J. Randall Paul were Saturday callers of Mr. and Mrs. William McIlhenny, Washington Crossing.

Couple Return South; Family Dinner Served

EMILIE, Nov. 9 — Mr. and Mrs. Thomas E. Carlton and daughter, Linda Elaine, of Milton, Fla., left on Friday for their home after spending nine days visiting Mrs. Carlton's parents, Mr. and Mrs. Stephen Jadlocki, Sr. Mr. Carlton is in the U. S. Navy, and is stationed at Whiting Field, Fla., since return of the family from Honolulu, T. H., where they spent the past two years.

Mr. and Mrs. Stephen Jadlocki, Sr., recently entertained at a family dinner, the first that the entire

family of eight children has been together for the past seven years. Those present: Mr. and Mrs. John Jadlocki, Oxford Valley; Mr. and Mrs. George White and son, “Ronnie,” Bristol; Mr. and Mrs. Thomas E. Carlton and daughter, Linda, Milton, Fla.; Mr. and Mrs. Stephen Jadlocki, Jr., and daughter, Gail Ann, the Misses Bertha, Beatrice, Susanne, “Betty” and Patricia Jadlocki.

EDGELY
Mr. and Mrs. John Firman and son John David, Morrisville, were visitors of Mr. and Mrs. William Firman on Saturday.

SKILLS FOR DEFENSE

The federal government, naturally, is relying upon the best skills available in strengthening the country's defense program. Much of what needs to be done in preparation for possible contingencies requires scientific research.

That explains the creation of a new Committee on Chemical Warfare of the Research and Development Board, National Military Establishment, presumably to be known as the CCWRD-BNME.

While the nation's leaders are bending their efforts toward the establishment of permanent peace, the U. S. must prepare for defense. By enlisting the services of scientists the government can develop the best program possible.

The election polls, it is explained, would have been correct except that too many people voted. Voted contrary to the polls, that is.

U. S. Navy has been holding battle practice in the Aegean Sea. Joining it to see the world is no longer a joke.

REVOLUTIONARY 1949 STUDEBAKER TRUCKS

America's newest and finest

NEW design makes these 1949 Studebakers handier trucks to do a day's work!

Wide doors with “hold-open” stops! Low floors! A new kind of sure-footedness, too—the steps are fully enclosed inside the cab doors!

Exclusive new Studebaker “litter-hood” accessibility—no standing on a box to service! Time-saving, spine-saving, cost-saving improvements everywhere you look!

An extensive new range of sizes and wheelbases. Half ton, three-quarter ton, one ton, one-and-one-half ton, two ton models.

Size for size...wheelbase for wheelbase... Studebaker trucks top 'em all in value!

New ease in loading and unloading! The floor level is just right in the streamlined Studebaker pick-ups.

WHO ARE these people?

Some are telephone men and women—more than 31,000 of them in this State alone—who operate, install, and maintain telephone equipment so that you may enjoy round-the-clock telephone service.

Others are thousands of everyday people in all walks of life who, by investing money in Bell Telephone securities, provide the lion's share of the dollars which build this business.

And still more are you and the hundreds of thousands of other Pennsylvanians who rely upon the telephone for convenience, pleasure, emergencies, and business.

The welfare of the telephone business is vital to Pennsylvanians and, thus, to Pennsylvania itself.

Pastry-Crust Meat Pies

A hearty meat mixture hides under the flaky crusts of these individual meat pies. Served with a crisp slaw, there's a complete meal, wanting only a fruit dessert.

Stews and similar meat mixtures have always been favorites with the family. Although they taste good and are high in food value, they seldom appear before guests. There's no good reason for this favoritism, for stews can be dressed up to meet company standards.

Flaky pastry crusts, covering the top of the large or individual casseroles in which the meat and vegetable mixture is baked, will really put the lid on the entree. These crusts will puff and brown so enticingly that everyone will want to be first with the fork that uncovers the filling.

Pastry tops are made just as for dessert pies. Roll out tenderly and cut into fitting circle, using an overturned casserole cover as a guide. Crimp or prick the edges when the circles are fitted to the ramekins and cut a few slashes in the top so steam can escape while the pie bakes.

In this recipe, there's a further surprise as the contents of the casserole disappear. There's a bottom crust, too, as flaky and good as the top covering.

PASTRY-CRUST MEAT PIES

STANDARD PIE PASTRY

2½ cups sifted enriched flour 1 teaspoon salt

10 tablespoons fat 7 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening until consistency of small peas. Add water gradually to form a very dry dough. Toss on lightly floured pastry cloth. Roll one-fourth inch thick. Cut and line individual casseroles with pastry. Fill two-thirds full of meat mixture. Cover with pastry. Bake in moderately hot oven (400 degrees F.) about 40 minutes.

MEAT MIXTURE

3 cups diced cooked meat 1 cup diced cooked celery

¼ cup enriched flour 1 egg

Combine meat and celery. Drain with flour and seasonings. Add milk and eggs. Mix well. Fill pastrylined casseroles and cover with crust.

Salt and Pepper

2 cups broth or milk

3 diced hard cooked eggs

Makes six individual casseroles, or inches by one and one-half inches, or one large pie to serve six.

Aeromodelers Hold
Group Flying Session

Despite weather which was very unsuitable for model flying a large group of the Aeromodelers turned out for a group flying session yesterday. Ill luck and minor cracks were plentiful due to gale-like winds that called for perfect mind and muscle coordination on the part of the flier in controlling the model.

Warren McQuaid displayed masterful skill in flying a fast "Mohawk 29" powered model, "Tommy" Pearson and Gordon Pearson flew "Ohlsson 23" powered models, William Kopak flew a model of original design, Paul Karp was on hand with a nicely designed model powered by a "Super Cyclone" engine. Bobby McQuaid flew an Arden powered bi-plane, and James VanSant flew several speed models, one of which attained a speed of 112 miles per hour.

The latter flight being only eight miles less than the 120 mile per hour mark to win the club prize. Speeds in excess of 110 miles per hour are difficult to attain since many more items other than the model and motor need to be stepped up. Many model builders even wax their models to eliminate air friction and sandpaper their propellers to knife thickness to increase the engine speed. These items sometimes make the difference between first and second prize winners at a model contest.

ed a thorough study be made of expenses incurred in granting use of the school facilities to outside organizations, with a view toward establishing a more exact and uniform method of charging for use of facilities, and also to bring about a better understanding of such among the groups in the town using them.

The new domestic science rooms are being equipped with silver service for 12, donated by Carmen Mignoni. Chinaware has been acquired for serving 18 people. Plans were discussed for eventually putting the new bleachers on concrete foundations to prevent deterioration at the ground. The bleachers are now on wooden foundations.

FATHER-SON REUNION

WIESBADEN, — (INS) — "Operation Vintles" brought together a father and son who had been separated for 14 months. The father, Lt. Col. Manuel (Pete) Fernandez, arrived from Washington recently to join the airlift task force as communications chief. Shortly after, Manuel, Jr., roared into Furstenfeldbruck, Germany, in a F-80 jet fighter plane.

fort to have a satisfactory plan suggested.

Bristol Basketball League was granted use of the high school gymnasium for basketball games on any nights which do not conflict with school activities.

The board went on record as being in favor of changing the date of the meeting of the State School Directors Association at Harrisburg from February to a date in November. Resignation of Mrs. Jacob Townsend as a member of the board was accepted with regret. Mrs. Townsend is no longer eligible for membership inasmuch as she has moved from the borough.

The Eagle Flying Service was granted use of a class room for giving ground instruction in flying at the same rental as now charged for extension courses by the Penna. State College. The board was favorable to a request from teachers for privilege of taking a day off to visit schools in other communities. Details were placed in the hands of Mr. Snyder.

Due to overcrowded conditions in some elementary grades at Harrison building (one class having 44 pupils), it has been found necessary to dismiss some pupils earlier than usual. Because of inability to find a properly qualified teacher, special classes at Jefferson avenue building were closed, and pupils assigned to other classes where they best fit in.

YOUR A. M. CALLER...

Right on the Dot

Here's one thing you can take for granted—electricity goes right on working while you sleep. No letup in the recording of the passing minutes by your electric alarm clock . . . it will signal "good morning" right on the dot. Milk and fruit in the refrigerator will be kept cold and safe. The thermostat will flash the furnace into action at any moment you decide. With the snap of a switch the breakfast toast gets golden brown in a hurry.

Yes, electricity has become a natural part of

most everything we do these days. Little wonder, then, that the men and women of Philadelphia Electric love to hear people say they "take electricity for granted." That means people have learned to know electricity will be on the job when wanted . . . thanks to years of research and field tests.

Moreover, the same effort that has made electricity so dependable now is being devoted toward keeping it the lowest priced necessity on the family budget.

ing yard of a rubber company in Morrisville, where it had been standing for several days, by the Morrisville police. The car was undamaged and a radio and flashlight, stolen the same night from the garage of Harry Torbert, North Sycamore street, were found in the car.

Richard McFeely, George School, headmaster, Newtown, in addressing Women's Club of Warrington on Friday declared that "our civilization is a race between education and catastrophe . . . It is important to know what our children believe and what their faith is based on."

Speaking to 55 clubwomen, the George School principal, who quoted H. G. Wells, spoke on the subject, "Education Under Fire." He stressed the need of the proper interpretation and emphasized the need for good teachers and equipment.

He made a plea for the brotherhood of man and asked that parents aid in developing in their children, faith in their fellow man and the real purposes of life.

A donation was made to the Bucks County Tuberculosis and Health Association.

Ninety-four jars were presented to the Doylestown Emergency Hospital, it was reported by Mrs. Clara McKinstry.

Present Table Decorations For Holiday Entertaining

YARDLEY, Nov. 9—Table decorations for special occasions interested members of Yardley Civic Club here on Friday, at a meeting attended by 50 members. The garden department was in charge.

Mrs. Mitchell Carter exhibited a bride's table and an Easter breakfast arrangement, and Mrs. William Rorer's entries featured arrangements for a Halloween luncheon and a luncheon on a terrace on Independence Day.

Mrs. Vincent P. Shaudys had her tables arranged for a St. Valentine's Day supper and a St. Patrick's Day luncheon. Decorations in keeping with Christmas and New Year's day dinners were arranged by Mrs. William Hannings, and Mrs. Lewis Heller and Mrs. Norman Clark had Thanksgiving and Washington's birthday arrangements. Mrs. William Rorer also had an exhibit of mantel decorations. She explained different ways in which mantels may be decorated.

Mrs. Fred Cook presided over the refreshment table, which was decorated with a yellow tablecloth and brown napkins in keeping with Halloween. Cider and doughnuts were served.

The next meeting will take place on Dec. 2, when the drama committee will be in charge of a Christmas program. Mrs. Charles N. Eames will have charge of the decorations in keeping with Christmas. The program will include a play.

HULMEVILLE

In conjunction with the meeting of the Young Adults of Neshaminy Methodist Church on Wednesday evening at the home of Mrs. Linford J. Benner, Middletown township, a variety shower was tendered Miss Elizabeth Everitt. The affair was a surprise to Miss Everitt, who is president of the organization. Fifteen assembled for the event. Members discussed possibility of arranging a nursery section for children during church hour. Members will take to the next meeting gifts for children, these to be sent to the Fifth Street Methodist Mission, Philadelphia. A bake sale is arranged for Saturday next at Hulmeville post office, starting at 11:30 a. m.

A hunting trip in Maine was concluded on Sunday by Alfred I. Moser, Jr., Hulmeville, and Louis Moser, Philadelphia. Starting out from Bangor, each was successful in bagging a deer. The localite secured a six-point deer; and the Philadelphia one with eight points. The club of which she is a member will be entertained this evening by Mrs. C. Wesley Haefner.

A former resident here, and frequent visitor to Hulmeville during the past several years, died Sunday in the person of Mrs. Lillie K. Joyce, 92. Death occurred at her home in Haddon Heights, N. J. Mrs. Joyce is survived by her daughter, Mrs. Margaret Hahn, Haddon Heights. Mrs. William Perry, of this borough, is a niece of Mrs. Joyce. The deceased was a member of the Daughters of Liberty, Pennell. Relatives and friends may call this evening from seven to nine o'clock at a funeral home at 205 Second avenue, Haddon Heights. Service will also be held there tomorrow at two o'clock. Burial will be made in Beechwood Cemetery, here.

A week-end visit was paid by Mrs. Eastwood Phipps, Trenton, N. J., and Miss Elma E. Haefner to Mr. and Mrs. Fred W. Condie and Mrs. Harold H. Haefner, at Allendale, N. J.
